Sir:

Responsive to the first Official Action mailed June 6, 2006, Applicant submits the following Remarks/Arguments:

**REMARKS/ARGUMENTS**

**Rejection Under 35 U.S.C. §103(a)**

Claims 1-7 are pending in this application. In the most recent office action, the Examiner has rejected claims 1, 5, 6 and 7 under 35 U.S.C. § 103(a) as being unpatentable over U.S. Published Application No. 2002/009207 to Lin in view of Armstrong (U.S. Patent No. 6,135,277.) The Applicant again respectfully disagrees with the Examiner's characterization of this art and the Examiner's application of this art to Applicant's claims. In order to establish the obviousness of a claim, the Examiner must show that all of the claim limitations are taught or suggested by the prior art. M.P.E.P. 2143.03.
